Creative Beginnings Mission Statement

As pre-school is often the first time in a classroom for many children, we believe it is essential to provide a positive and enjoyable experience as the building block to a successful education. We strive to make every activity both fun and educational so that the students may get the most from their time socially and academically, fully preparing each child for the next level of education.

About the Director /Owner

Ms. Kristy - I began my career by focusing on my own education, obtaining a degree in Human Services and Early Childhood Education as well as studying American Sign Language. Along with over fifteen years experience, I have continued attending classes, seminars, and conventions in order to stay current with the ever-growing field and provide the best experience for my students. I have taught in a variety of classrooms including three year olds, four year olds and Pre-Kindergarten as well as teaching Early Childhood Music, Sign Language, and Fitness, and am confident that these experiences have prepared me to better assess and assist the development of my students.

CLASS DESCRIPTIONS

Two/Threes' Program - The two/three year old class will focus on the building blocks of early education. In class, we will work on important social skills that will help each child to make and keep friends. This class will also include activities designed to promote basic letter recognition, number recognition and other age appropriate academics. All children entering this class must be fully potty trained before their first day.

Multi Age Program- The multi-age class is geared for children ages 3 to 5. The class curriculum will have projects that challenge students academically as well as socially. Children will be encouraged to grow their cognitive, language, and motor skills in the most creative and educational way.

Fours'/Pre-K Program - The Pre-K class is designed to encourage individual growth in each curriculum domain. Adding an extra focus on letter recognition, cognitive skills and writing skills as well as working to further advance the children's social skills, we help each child to be prepared for kindergarten and beyond. Pre-K children must be 4 by September 1st.

Literacy Club is an extension of our Pre-K program offered to students on Friday afternoons from 12:00pm to 1:30pm. The additional class time will focus on the literacy and cognitive skill needed for kindergarten readiness. Each day will have a letter based theme and will follow the jolly phonics lessons. Pre-K children must be 4 by September 1st.

*Each class will include an introduction to Jolly Phonics, basic yoga, Spanish and sign language.

HOLIDAY/VACATION SCHEDULE

First day of classes will be the Tuesday after Labor Day.

Creative Beginnings will follow the Kaneland School Dist. 302 Holiday Calendar.
We close for the following holidays:
